The Golden Batch

INTERNAL FUNDING STRATEGY

Committee Reference

₱2,100,000

Full Batch Vision Target. Achievable through collective commitment and fundraising support.

NOT FOR PUBLIC DISTRIBUTION

Contributions · Fundraising Initiatives · Hybrid Model · 33 Months

Dear Committee,

This document is our internal planning reference — aligned with the one-pager we are presenting to the batch. It covers our contribution projections, attendance assumptions, funding allocation, and the scenarios we need to plan around.

Our ₱2.1M target is achievable through the hybrid model — contributions as the foundation, fundraising initiatives as the multiplier. The projections here are honest. The conservative scenario is a reminder that the flyer alone won't get us there. Personal outreach from each of us is what moves people from awareness to commitment.

Thank you for being part of this.
— Felie

Who's Coming & Who's Paying

CATEGORY	COUNT	NOTES
Batch 2003 Graduates	~200	Only graduates expected to contribute
Expected Contributors	80 – 100	40–50% contribution rate (projected)
Batch 2003 Attendance	100 – 120	Alumni with or without +1s
Significant Others	+80 – 100	~70% bring spouses/partners
Other HS Alumni Batches	+50 – 100	General homecoming (FREE for all)
HS Teachers & Faculty	+15 – 25	Invited guests
Total Attendance	**245 – 345**	**What ₱2.1M budget must cover**
Food Budget Safety	**300 pax**	**Prevents running short on catering**

The Math: ~200 graduates fund the event. Based on typical alumni engagement, 80–100 (40–50%) are expected to contribute. But attendance will be 245–345 people — our batch + families + other alumni + teachers. We budget for 300 pax to avoid running out of food.
